Iteration 2 plan
11/4/15

The user stories to be implemented in iteration 2 by 11/19/15

-Random Assessments
As a user, I want to get random assessments about 5 times a day.

(receive notifications to take the assessment)

-Daily Assessments
As a user, I want to receive a daily assessment at the end of each day.

(receive notifications to take the assessment)

-Edit Time Preferences
As a user, I want to edit the time range of the time period of the day that I want to receive random assessment notifications.

-Upload Data of Assessments
As a research director, I want the data to be uploaded to a database after every assessment.

(Data will be stored locally for now)
